This is Maremma Toscana

MAREMMA TOSCANA PROMOTION VIDEO

<https://www.youtube.com/watch?v=tTkx4OtHZcU>

Picturesque pine forests and shady olive groves, verdant green hills which seem to stretch on forever, the crystal clear water of the Tyrrhenian Sea: it is easy to understand how one could fall in love with Maremma. On the other hand, it seems hard to understand why this paradise on earth is still only known to a select few.

Perhaps it is because Maremma has lived in isolation for centuries, maintaining its rugged allure to this day, thanks to the pristine coastline and wild national parks stretching for miles.

The full magic of Maremma unfolds only to those who take the time to discover it and open their hearts to the charm of this wonderful region. Those who do are richly rewarded because Maremma casts a spell on its guests. Fabulous sunsets over the gently undulating hills, countless well-preserved medieval hamlets where you can retrace and breathe in history. And of course the sea; 250 kilometers of the most beautiful sandy beaches line the Maremma coast.

This is Marina di Scarlino

MARINA DI SCARLINO PROMO VIDEO

<https://www.youtube.com/watch?v=Op5kNa91tw8>

Marina di Scarlino is located in southern Tuscany, on one of the most beautiful stretches of coastline in the Maremma region. The Marina today is not just a top-quality mooring place, but an open door where visitors will find the very best of the culture, nature, and food and wine that the region has to offer.

The Marina is set in a unique environment, away from the crowds and close to pristine beaches and the characteristic Mediterranean pine forests. The **inland** area behind the Marina forms the perfect backdrop, with a view of the medieval castle of Scarlino, one of the many medieval hamlets that line the **Maremma hills**; on the horizon out to sea are **Elba** and **Montecristo**, two of the most beautiful islands in the Mediterranean.

Marina di Scarlino surroundings are without a doubt one of its most appealing features: the Maremma region is one of the most fascinating and more or less off-the-beaten-track destinations in Tuscany – a land of **good food and wine, culture, wild unspoilt nature** and, of course, the sea in all its forms.

Marina di Scarlino Resort

All the apartments are fully furnished and have **large panoramic terraces** around the harbour.

Three types of apartments are available: **Prestige** (classic suite or sea-view suite), **Duplex** and **Deluxe**, whose details highlight just how well thought-out the entire concept is. The residential complex has an **underground car park** that is directly accessible from the apartment level and the square via the lifts or stairs. The attention to details can also be seen in the **design** and the colours, which have been chosen to guarantee guests a **relaxing, comfortable** stay.

Marina di Scarlino Resort apartments will be available to sailors for special rates.
